Summary

Highly skilled Ruby on Rails Developer with over 6 years of experience in designing, developing, and deploying scalable web applications. Strong expertise in Ruby on Rails, JavaScript frameworks, and backend technologies. Proficient in Express.js, Next.js, Prisma, and experienced in leading and mentoring development teams. Passionate about delivering high-performance solutions and optimizing workflows. I am a fast learner, capable of quickly adapting to new languages and frameworks, ensuring efficient and effective development in any tech stack.

Skill

- ❑ Ruby, Ruby on Rails
- ❑ JavaScript, JQuery, Nodejs, Expressjs, Prisma, Nextjs, Redux
- ❑ HTML, CSS, Bootstrap
- ❑ AWS, S3, DigitalOcean, Heroku, Firebase
- ❑ Capistrano, Puma, Passenger, Nginx

Experience

Syftet Limit, Dhaka - Bangladesh – Software Engineer

July 2021 - continue

- ❑ Full Stack web developer (Project Planner, Frontend, Backend and Managing Server)

Misfit Technologies, Dhaka - Bangladesh - Jr Software Engineer

August 2020 - June 2021

- ❑ API Developer (Ruby on Rails)

Syftet Limit, Dhaka - Bangladesh – Jr Software Engineer

Nov 2018 - July 2020

- ❑ Full Stack web developer (Ruby on Rails)

Development Portfolio

Cince - <https://cince.com.au>

- Skill Ruby on Rails framework, JSON
- Rails Version update
- Design issue fixed
- Aws Server setup and integrate automated deploy by capistrano.

DailyIslam - Admin: <http://diadmin.syftet.com>

DailyIslam - App: <https://play.google.com/store/apps/details?id=org.dailyislam.android.preview>

- Skill in NodeJs, ExpressJs, NextJs, Prisma, HTML, CSS
- Making admin panel using nextjs.
- All api made by Nodejs, expressjs, Prisma with PostgreSQL.
- Develop multiple service for admin panel and mobile application.

- Deep understand the existing code and fix all type of error and bugs.
- Making automated deployment process in aws ec2.
- Write script for upload data from largest excel.
- Integrate google map service.

Trusteeze Application - <https://trusteeze.co.za>

- Skill in Ruby on Rails, JQuery, HTML, CSS
- Implement an accounting system in this project using plutus gem.
- Collaborate with the owner and another developer to implement new features.
- Fix existing bugs in the project.
- Making script for scraping some data from another website.
- Managing server for multiple instances.
- Dynamic document implementation.
- Integrate third-party service by API.

Shopoth E-commerce - <https://shopoth.com>

- Skill Ruby on Rails framework, JSON.
- Develop API using ruby on rails framework and Grape API gem.
- Writing Active record Script for data handling for PostgreSQL Database.
- Writing Cron Job Schedule code for Scheduling tasks like sms send and notification send.
- Collaborate with other developers and CTO for API design and features.
- Collaborate with front-end developer and mobile app development team.
- Setup Server for deploying the application
- Review another developer code and merge it with the branch.

Lienexpos - <https://www.lienexpos.com>

- Skill Ruby on rails MVC framework, html, css, jquery, bootstrap
- Fixing bugs and implementing new features.
- Setup backend server and integrate automatic deployment
- Making API for mobile application

Welcome App - <https://mywelcomeapp.com>

- Skill Ruby on rails, html, css, jquery, bootstrap
- Making the application from scratch
- Implement design from UI design
- Writing cron job script for schedule job
- Making API for other web application and mobile applications
- Collaborate with front-end and mobile team

Drive Exam - <https://www.teorigame.com>

- Skill Ruby on Rails, Ruby, Javascript, JQuery, Bootstrap,
- Integrate stripe payment gateway
- Fix bug in the admin panel
- Integrate new feature in the admin panel
- Integrate new design in driving exam site

IFarmer - <https://www.ifarmer.asia>

- Skill Ruby on Rails,
- Integrate push notification
- Collaborate with the mobile app development team for notification
- Making new CRM for the ifarmer
- Setup the server and deploy the crm application to the server

Professional Training

1. **LICT Project By BCC – 300 Hours – Sep/2017**
C# DotNet OOP, Windows Application, ASP.Net, ASP.Net MVC 4, Web API, MS SQL Server
2. **SEIP Project From BASIS - 3 Month – July/2017**
C#, OOP, ASP.Net MVC 4, MS SQL Server

Extracurricular Activities

Attending Programming Contest (ACM-ICPC, IUPC, IUCPC, and NCPC Online Contest), Solving Programming Problems (Uva, Uri, Lightoj), Photography, Tutorial Making, Attending programming seminars, Mentoring in CUPC.

Programming Contest

1. **Asia Dhaka On-Site Regional Contest** (The 2017 ACM-ICPC Asia Dhaka Regional Contest)
2. **Intra University Programming Contest 2016 – City University** (Position: 2nd)
3. **Intra University Programming Contest 2017 – City University** (Position: 2nd)
4. **Inter-University Programming Contest 2017(CUPC)**

Academic Qualification

Degree: BSc in Computer Science and Engineering

Institution: City University, Bangladesh

Result: 3.72 out of 4.00

Passing Year: 2018

Personal Details

Father's Name	Harun-or-Rashid
Mother's Name	Rahima Begum
Date of Birth	July 1, 1991
Gender	Male
